

# THE WORLD'S GREATEST SHAVE FUNDRAISING GUIDE

Everything you need to know to reach your fundraising goal and fuel better care for Australians facing blood cancer.

# **ACKNOWLEDGEMENT OF COUNTRY**

In the spirit of reconciliation with First Nations peoples of Australia, the Leukaemia Foundation acknowledges the Traditional Owners of the Countries on which we operate.

We acknowledge and respect First Nations peoples' spiritual beliefs, connections to land, sea and communities.

The Leukaemia Foundation pays our respect to Elders past and present and extends that respect to all Traditional Owners across the Nation.

# THAT'S BLOODY BEAUTIFUL

Thank you for taking on the World's Greatest Shave. You've joined a community of trailblazers, determined to shape a brighter future for blood cancer patients and their families. And that's a pretty big deal.

In this guide, you'll find everything you need to know – from fundraising tips and ideas to donating your hair. Every dollar you raise will help provide better care for Australians with blood cancer – from life-changing support services like accommodation and counselling to groundbreaking research projects.

This work simply wouldn't be possible without you.

**So, from everyone at the World's Greatest Shave, thank you.**

Urvi Majumdar first connected with the Leukaemia Foundation when her father was diagnosed with blood cancer.

## BY TAKING PART, YOU'RE CHANGING THE LIVES OF AUSTRALIANS LIKE URVI AND HER DAD

“ Our family is forever indebted to the Leukaemia Foundation for all the ways they've supported us through the very difficult journey we've been going through with Dad's illness. We've had to go to Royal Melbourne Hospital over 10 times for hundreds of days, both in the wards and ICU.

When emergency strikes, living next to the hospital in Leukaemia Foundation accommodation is a huge blessing. The Leukaemia Foundation has also provided a beautifully supportive community. ”

By taking part in the World's Greatest Shave, the funds you raise will do wonders for families like Urvi's. Giving them the information, support and care they need to make it through. And that's bloody beautiful.

# 3 WAYS TO TAKE PART

## SHAVE

Enjoy the buzz of shaving your hair. We suggest clipper length number one or two, but if you're opting for a slightly longer hairdo, choose three or four.

## CUT

Lop off your locks and enjoy a fresh new hairstyle. Whether it's a pixie cut, a fade, a bob, or something else, you'll be a walking, talking billboard for blood cancer care.

## COLOUR

Try out that hair colour you've always wanted, and let Australians with blood cancer know you're in their corner.

# FIVE TIPS TO GIVE YOUR FUNDRAISING A BOOST

1

**Making the first donation to your page** is a great way to get the ball rolling, and it shows others that you're leading by example. It also gives them an amount to match.

2

**Sharing your fundraising page** on your socials or via email is a quick and easy way to receive donations. Not sure what to say? You can find a message template in your dashboard.

3

**Sell your pre-loved goodies** from around the house on Gumtree, Marketplace, or hold a garage sale. It's a great way for a quick cash injection and to de-clutter the house at the same time.

4

**Organise a raffle for your event** and ask local businesses to donate a prize or gift voucher. Then spread the word and sell raffle tickets in exchange for a \$5 or \$10 donation to you.

## HOW YOUR FUNDRAISING MAKES AN IMPACT

Big or small, every donation matters – and helps us support Australians living with blood cancer today, while investing in a better tomorrow.

**\$31**

can answer the call from someone with blood cancer, giving them the trusted information they need.

**\$63**

can connect someone with a healthcare professional for personalised support after diagnosis.

**\$90**

can give a regional family forced to relocate for treatment a place to stay for the night close to hospital.

**\$300**

can help cover everyday costs like bills, groceries and transport for people in the thick of blood cancer treatment.

**\$700**

can fund a day's worth of ground-breaking blood cancer research from the best minds in medical research.

# GIVE YOUR HAIR A SECOND LIFE

By donating the hair you cut or shave, you can take your impact even further. We've teamed up with Sustainable Salons to recycle your hair into charitable wigs for Australians with cancer.

Hair too short for a ponytail? Your hair clippings can still be made into floating hair booms to mop up oil spills in our oceans.

Every year, our community donates approximately 9,000 ponytails. That's enough to make 450 wigs for patients who have lost their due to treatment.

## How to donate hair

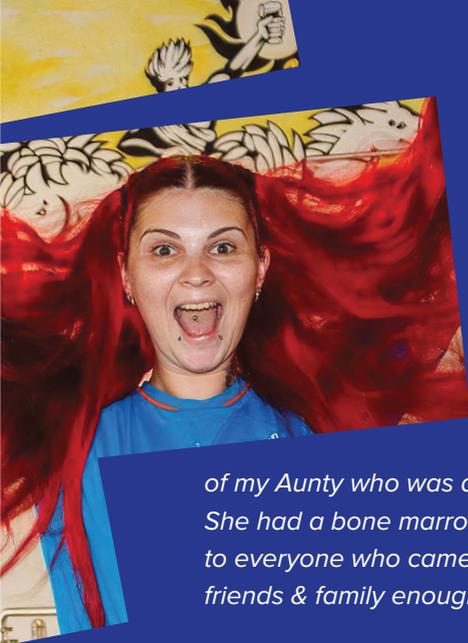

Ponytails that are a minimum of 20cm, dry, tied at the top, middle and bottom (coloured hair is okay) are to be placed in a zip lock bag and posted to:

*World's Greatest Shave Ponytails*

GPO BOX 322 SYDNEY, NSW 2001

Dry hair clippings and ponytails shorter than 20cm must be placed in a separate zip lock bag and posted to the above address. Check out [worldsgreatestshave.com/donate-hair](https://worldsgreatestshave.com/donate-hair) for more details, or scan the QR code.

## BINNI'S BIG DAY

Binni held her legendary Shave event at a local brewery in Brisbane and pulled out all the stops in an effort to raise funds for Australians facing blood cancer. The end result? Over \$8,000 raised and 83cm of luscious red locks donated.

“ *What a day it was! I shaved in support of my Aunty who was diagnosed with leukaemia nine years ago. She had a bone marrow transplant that saved her life. Thank you to everyone who came and supported! I can't thank the community, friends & family enough from the bottom of my heart!* ”

## STEF LOPS OFF HIS LOCKS FOR HIS MUM

One day, Stef's mum – who was living with cancer – suggested that he should grow his hair out and donate it to someone who might need it. Six months after that conversation, she sadly passed – leaving him with a promise he intended to keep. Stef raised nearly \$3,000, and donated 90cm of hair.

*Thank you, Mum, for giving me the idea to do this. As hard as it's been to chop it all off, compared to your eleven-year battle, this is the least I could do, and I'm grateful I did this for you.* ”

# MAKE YOUR EVENT LEGENDARY

## BRAVE THE SHAVE AT A PUBLIC VENUE

Getting more eyeballs on your hairy sacrifice is a great way to raise more funds and awareness. If going big isn't your thing, enjoy it in a backyard surrounded by those that matter.

## SHARE YOUR BIG DAY ON YOUR SOCIALS

Go viral on social media by livestreaming your event. Or simply share the best moments online after the event to attract more donors.

## AUCTION OFF THE HONOURS

Auction off the honour of shaving, cutting, or colouring your hair to the highest bidder (and somebody you can trust with clippers, scissors or hairspray in their hand).

## GET CREATIVE

When it comes to fundraising, the bigger the better. Prepare a food spread, organise a game of trivia or cricket, or hold a raffle. All in the name of blood cancer care.
